Languages, Literacy and Communication

Vision Statement: In the LLC area we recognise the vital role of human communication in supporting learners to fully access the whole curriculum as well as in every day life. At Portmead Primary, we want our learners to be confident communicators through all aspects of their lives and able to play a valued role in a multi-lingual society. They will use spoken and written language successfully to develop their learning and understanding across all areas of the curriculum. We will enable learners to recognise and celebrate similarities and differences in languages, both at a national and global level, forging a sense of pride in their Welsh identity and understanding their role within the global community.
