Expressive Arts

Vision Statement: At the heart of our bespoke, creative curriculum is the development of the expressive arts, music, media, art and design, dance and drama. We believe that all children should have access to a broad range of learning opportunities, in order that they might discover and develop their own individual talents and interests and to foster confidence, self expression and a growth mind-set.

Responding and reflecting, both as artist and audience, is a fundamental part of learning in the expressive arts.

Creating combines skills and knowledge, drawing on the senses, inspiration and imagination.

Exploring the expressive arts is essential to developing artistic skills and knowledge and it enables learners to become curious and creative individuals.
