

Portmead Primary School

Governing Body

At Portmead, our governing body helps guide our school's big decisions. They:

- Work with our headteacher to set the aims and direction of our school.
- Support and challenge us to make sure Portmead is always doing the best it can for our children.
- Check that we're doing things properly, like using money wisely, keeping our pupils safe, and providing a high-quality education.

They don't run the day-to-day activities—that's the job of our staff—but they help make sure our school keeps improving and stays focused on what's best for our learners.
